

Customer Journey Map

Date	07 July 2026
Team ID	SWTID-2026-3218
Project Name	Credit Card Approval Prediction
Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1 Application	Stage 2 Prediction	Stage 3 Result
Actions <i>What does the customer do?</i>	• Opens app • Enters details • Submits form	• System analyses data • ML models predicts • Processes requests	• Views result • Takes decisions • Saves outcome
Touchpoint <i>What part of the service do they interact with?</i>	• Flask web app • Input form • Browser	• ML model • Backend server • Database	• Result Page • Dashboard • Browser
Customer Thought <i>What is the customer thinking?</i>	• Is my data correct? • Will I qualify? • Hope for approval	• Is prediction accurate? • Waiting for result • Trust the system	• Decision is clear • Process is fast • Satisfied

Customer Feeling <i>What is the customer feeling?</i>	Curious	Hopeful	Confident
Process Ownership <i>Who is in the lead on this?</i>	Customer / Bank credit Analyst	Machine Learning System	Bank Credit Analyst
Opportunities <i>How can we improve this stage?</i>	• Easy input form • Validate user data • Better UI	• Improve model accuracy • Faster prediction • Better security	• Clear result display • Explain prediction • Save prediction history
